Response Form

The joint P256, P257 and P258 Modification Group requests your impact assessment of P258. In particular, we ask for your responses to the following questions and your reasons for those responses.

Transmission Questions

Question 1:

Please describe the impact(s) of the Proposed Modification on your ability as a Transmission Company to discharge your obligations efficiently under the Transmission Licence and to operate an efficient, economical and co-ordinated transmission system.

Please give your response:

National Grid has not identified any impact upon its ability to discharge our obligations under the Transmission Licence.

Question 2:

Please outline your views and rationale on whether the Proposed Modification would help to achieve the applicable BSC Objectives.

Please give your response:

National Grid agrees with the majority of the modification group in that the implementation of the proposed change would be difficult to implement, manage and enforce.

Question 3:

Please outline the impact of the Proposed Modification on the computer systems and processes of the Transmission Company. Include details of any changes needed as a result of implementing the Proposed Modification.

Please give your response:

There is no anticipated impact on the Transmission Company's computer systems and processes for the implementation of P258.

Any questions?

Question 4

Please outline any potential issues relating to security of supply arising from the Proposed Modification.

Please give your response:

There will be no impact on security of supply with the implementation of P258.

Question 5:

Please provide an estimate of development, capital and operating costs in appropriate detail which you as a Transmission Company anticipate that you would incur in implementing the Proposed Modification Modification.

Please give your response:

There will be no costs incurred by the Transmission Company with the implementation of P258.

Question 6:

Please provide details of any consequential changes to Core Industry Documents and/or the System Operator Transmission Owner Code that would be needed as a result of implementing the Proposed Modification.

Please give your response:

There are no changes required to Core industry documents with the implementation of P258.

Question 7:

Would you like to make any other comments on P258?

No.
