Response Form

The Panel requests your impact assessment of P261. In particular, we ask for your responses to the following questions and your reasons for those responses.

Transmission Questions

Question 1:

Please describe the impact(s) of the Proposed Modification on your ability as a Transmission Company to discharge your obligations efficiently under the Transmission Licence and to operate an efficient, economical and co-ordinated transmission system.

Please give your response:

No anticipated impact on the Transmission company from the implementation of P261.

Question 2:

Please outline your views and rationale on whether the Proposed Modification would help to achieve the applicable BSC Objectives.

Please give your response:

National Grid agrees with the modification group that amending principle 15 of P216 Alternative Modification to correct Line Loss Factor material manifest errors going back to the start of a BSC year is in line with the achievement of applicable BSC Objective (d).

Question 3:

Please outline the impact of the Proposed Modification on the computer systems and processes of the Transmission Company. Include details of any changes needed as a result of implementing the Proposed Modification.

Please give your response:

No anticipated impact on the Transmission Company's computer systems and processes from the implementation of P261.
