

Draft Change Proposal – BSCP40/01

DCP No: 0018

*Version No: 1.0
(mandatory by BSCCo)***Title** *(mandatory by originator)*

Inconsistencies within the BMRA Service Description

Description of Problem/Issue *(mandatory by originator)*

As part of the procurement phase of Project Isis, ELEXON drafted detailed contracts of Business Requirements for the CVA, SVA, FAA Agent Services to issue to tenders. The Business Requirements were also reviewed against the BSC and Code Subsidiary Documents as part of a due diligence exercise.

As a result of this review a number of minor inconsistencies have been discovered in the BMRA Service Description. These inconsistencies are detailed below.

Justification for Change *(mandatory by originator)*

The updates to the BMRA Service Description are necessary to make sure the new contract in February 2009 is consistent with the Business Requirements of the CVA/SVA Operator Hosts.

Proposed Solution(s) *(mandatory by originator)*

DCP0018 intends to amend the BMRA Service Description to remove the minor inconsistencies and to reflect the new Business Requirements that are required.

The following list contains all the identified inconsistencies.

Issue no.	Description
1	Section 7.2 of the BMRA Service Description references 'pre P78' Settlement Days. Given that Final Settlement for these days is over these references should be removed.
2	BMRA URS BMRA-I010 states "The BMRA Service shall issue Exception Reports to the SO, BSCC Ltd, MIDPs or CRA if an input message fails validation, or if insufficient data has been received or, in the case of Adjustment Data, if a system parameter is set to indicate that an exception file is required" this should be added to the BMRA Service Description (Section 5)
	The BMRA Service Description should be amended to include the requirement to pass Balancing Mechanism data to the SAA and FPNs to ECVAA via BMRA-I007.
3	BMRA URS I017 states "The BMRA shall report Market Index Data Provider Liquidity Threshold to BSCCo" this should be added to the BRMA Service Description (Section 8.A.3).
4	BMRA URS I013 identifies a requirement for "information required for charging BSC parties under Section D of the Code" being sent to BSCCo on the 15 th Working Day of each month. This requirement should be added to the BMRA Service Description (Section 12.3)
5	Section 1.6 of BSCP14 references that the NGC may place details of a Manifest Errors Claim onto the BMRS. Although captured in the Service Requirements Schedule, this is not currently in the Service Description and should be captured in Section 7.

Draft Change Proposal – BSCP40/01

DCP No: 0018

*Version No: 1.0
(mandatory by BSCCo)*

6	Section T of the BSC (1.5.6 & 1.5.7) and BSCP40 detail a requirement for the BMRA to receive the revised MID Statement and it's effective date from the Panel. This requirement is missing from the BMRA Service Description (Section 8).
7	The BMRA Service Description (Section 2) should be amended to reflect that the BMRA is appointed on a Calendar Day basis as stated in the Service Requirements Schedule.

Version History *(mandatory by BSCCo)*
