

<b>Change Proposal – BSCP40/02</b>	CP No: 1321  <i>Version No: v1.0 (mandatory by BSCCo)</i>
<b>Title</b> <i>(mandatory by originator)</i>  Housekeeping Change to correct a manifest error in BSCP 301 and NETA IDD Part 2	
<b>Description of Problem/Issue</b> <i>(mandatory by originator)</i>  The ISG approved CP1313 <sup>1</sup> in October 2009; this CP streamlined the Minimum Eligible Amounts (MEA) process. However, the CP introduced an error into BSCP 301, where in section 4.6.1.5 it is stated that the ‘ECVAA-I027: Notification of BSC Party in Section H Default’ is sent from ECVAA to BSCCo.  This is not correct as BSCCo sends ECVAA an I027 on an ad-hoc basis (as a standalone step), to inform ECVAA on any Parties that are in Section H Default <sup>2</sup> . This step is not required to be included in the BSCP as it is carried out currently by ELEXON as part of ELEXON’s standard working procedure.  Section 4.6.2.5 also references I027, as a consequence of CP1313, this reference is no longer correct, and needs to be removed.  Additionally, during the implementation of CP1313 we noticed that while the changes brought about CP1313 were correctly applied, these changes were not referenced in section 3 of the IDD.	
<b>Proposed Solution</b> <i>(mandatory by originator)</i>  The proposed solution for CP1321 is to correct the text in the ‘ <b>Information Required</b> ’ column for section 4.6.1.5, where we will remove the reference to the ‘ECVAA-I027: Notification of BSC Party in Section H Default’ flow. This change can be seen as an amendment to the approved CP1313 redlining (included as Attachment A), so that the error can be easily observed.  We have also made a minor amendment to section 4.6.2.5 as it wrongly references the I027.  We have also included the redlining for the NETA IDD Part 2, to show the changes in referencing in section 3 that were brought about by CP1313.	
<b>Justification for Change</b> <i>(mandatory by originator)</i>  Correcting this error will provide clear and consistent information on the MEA process to market participants.	

<sup>1</sup> CP1313 - ‘Remove ELEXON from the Minimum Eligible Amount (MEA) request process’

<sup>2</sup> A Section H Default is where a Party is non compliant with the provisions of the Code.

**To which section of the Code does the CP relate, and does the CP facilitate the current provisions of the Code?** *(mandatory by originator)*

Yes, this CP will remove manifest errors within BSCP301 and NETA IDD Part 2, thereby better facilitating the provisions of the BSCP, IDD and Section M 'Credit Cover and Credit Default'.

**Estimated Implementation Costs** *(mandatory by BSCCo)*

There are no ELEXON implementation costs for this CP as any costs will be covered under the February 2010 BSC Systems Release, for which these documents are already being amended.

**Configurable Items Affected by Proposed Solution(s)** *(mandatory by originator)*

BSCP301 'Clearing, Invoicing and Payment'  
NETA IDD Part 2

**Impact on Core Industry Documents or System Operator-Transmission Owner Code** *(mandatory by originator)*

None

**Related Changes and/or Projects** *(mandatory by BSCCo)*

None

**Requested Implementation Date** *(mandatory by originator)*

This Change Proposal is to correct a manifest error introduced by CP1313.

Given the nature of this error, we recommend implementing this CP with CP1313 in February 2010.

**Version History** *(mandatory by BSCCo)*

This is version 1.0 for approval.

**Originator's Details:**

**BCA Name**.....Sherwin Cotta

**Organisation**.....ELEXON
