

CP1192 'Changes to the Investigate Inconsistencies processes in BSCP502 and BSCP514 (Half Hourly only)'

Redlined text based on PSL130 'Half Hourly Data Collection' v14.0

Amend section 1.5.3 as follows:

1.5.3 Metering System Faults

- 1.5.3.1 The Half Hourly Data Collector shall record details received from the Associated Meter Operator Agent of SVA Metering System faults.
- 1.5.3.2 The Half Hourly Data Collector shall confirm that the SVA Metering System Number is registered to the Associated Meter Operator Agent submitting the fault report and shall act upon the information received to ensure that valid data is sent to the Associated Half Hourly Data Aggregator.
- 1.5.3.3 The Half Hourly Data Collector shall record and report to the Associated Meter Operator Agent suspected SVA Metering System faults detected while performing its responsibilities ~~and shall report to the related LDSO the outcome of resolving such faults.~~

1.5.4 Meter Data Collection
