

Change Proposal – F40/01	CP No: 995 Version No: 1.0
Title <i>(mandatory by originator)</i> Corrections to Bid-Offer Acceptance Related Data. (Replacement for Workaround W018).	
Description of Problem/Issue <i>(mandatory by originator)</i> The Balancing Mechanism System Operation Agent cannot electronically resubmit all data provided to the Balancing Mechanism Reporting Agent (BMRA) and the Settlement Administration Agent (SAA) via interface BMRA-I002 (BM Data), when it is found that the data originally submitted was incorrect or incomplete. Currently all data corrections are resubmitted through a manual process implemented as Workaround W018. This Change Proposal (CP) describes the formalisation of the current Workaround Process.	
Proposed Solution(s) <i>(mandatory by originator)</i> The current workaround process allows manual corrections to be done to the SAA or BMRA databases after they have been agreed by National Grid Transco (NGT) with the Trading Party. ELEXON and NETA Central Services are then advised of the proposed corrections. The changes are then reviewed and authorised by ELEXON, and inputted by NETA Central Services into the relevant database. The proposed solution is to incorporate the current process into a new Balancing and Settlement Code Procedure (BSCP). Changes to the current workaround will be minor, but will include making ELEXON a witness to the discussion between the Trading Party and NGT.	
Justification for Change <i>(mandatory by originator)</i> The robustness of the procedure will be increased as the process will be encapsulated into a code subsidiary document. The increase in visibility of the discussions between NGT and the affected Parties will increase the level of assurance that the changes are necessary.	
Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by originator)</i> SAA and BMRA Service Description	
Impact on Core Industry Documents <i>(optional by originator)</i> None	
Related Changes and/or Projects <i>(mandatory by BSCCo)</i> This CP supersedes CP585 'BMRA and SAA Data Corrections (Replace W018)'	

Change Proposal – F40/01	CP No: 995 Version No: 1.0
Requested Implementation Date <i>(mandatory by originator)</i> An appropriate release Reason: Opportune change	
Agreed Release/Implementation Date <i>(mandatory by BSCCo)</i>	
Originator's Details: BCA Name Organisation ELEXON Email Address Date 28 th July 2003.
