

Change Proposal – F40/01

CP No: 981

Version No:

Title *(mandatory by originator)*

Consistency change with MRA relating to timescale for Supplier registration in SMRS

Description of Problem/Issue *(mandatory by originator)*

Apply consistency changes to BSCP501 'Supplier Meter Registration Agents', to reflect the requirements contained within the Master Registration Agreement (MRA), relating to the timescale by when a Supplier can register its application for a Metering System in Supplier Meter Registration Service (SMRS).

This change will affect the change of supplier processes **and the new connection processes** within BSCP501.

Proposed Solution(s) *(mandatory by originator)*

1. Revise the text in the 'When' box of 3.4.1, 3.7.1 to

"On change of Supplier between SSD-28CD and SSD-1WD or where SMRA allows a registration application on SSD".
2. Add a new footnote associated with the new text added to the 'When' box as described above:

'Providing that the registration is received by 1800 on SSD'.

Justification for Change *(mandatory by originator)*

The MRA (paragraphs 15.5 and 20.8) allows for some Supplier Meter Registration Agents (SMRAs) to accept a Supplier registration application on the Supplier Start Date (SSD), providing the registration is received by 18:00 on SSD. This is not a mandatory provision and it is a matter for the SMRA to determine whether or not they provide this service, in line with paragraph 15.5 and 20.8 of the MRA.

Implementing this change will ensure that BSCP501, which is the BSC requirements on SMRAs, reflects the requirements contained within the MRA, rather than remaining inconsistent.
