

Change Proposal – BSCP40/02	CP No: 1257 <i>Version No: 1.0</i> <i>(mandatory by BSCCo)</i>
Title <i>(mandatory by originator)</i> Calculation of EAC for Temporary Supplies	
Description of Problem/Issue <i>(mandatory by originator)</i> An Unmetered Supplies Expert Group (UMSEG) was convened in 2007 to discuss UMS issues identified by the BSC Auditor. A series of proposals were suggested, which were issued to industry for comment via DCP0029 in February 2009. The UMSEG identified that the rules in BSCP520 for calculating Estimated Annual Consumption (EAC) for temporary supplies are not clear; in particular, they do not reference the splitting of an EAC by Average Fraction of Yearly Consumption (AFYC) or explain which Standard Settlement Configuration (SSC) the EAC should be attributed to.	
Proposed Solution <i>(mandatory by originator)</i> Section 4.4.3 of BSCP520 should be reworded to clarify the current process and clearly explain how UMSOs should annualise the EAC for temporary supplies. The proposed wording is included in Attachment A.	
Justification for Change <i>(mandatory by originator)</i> Failure to correctly calculate the EAC can lead to over or underestimation of consumption.	
To which section of the Code does the CP relate, and does the CP facilitate the current provisions of the Code? <i>(mandatory by originator)</i> Section S	
Estimated Implementation Costs <i>(mandatory by BSCCo)</i> The estimated ELEXON implementation cost is 2 man days, which equates to £440.	
Configurable Items Affected by Proposed Solution(s) <i>(mandatory by originator)</i> BSCP520 'Unmetered Supplies Registered in SMRS'	
Impact on Core Industry Documents or System Operator-Transmission Owner Code <i>(mandatory by originator)</i> None	
Related Changes and/or Projects <i>(mandatory by BSCCo)</i> None.	

Requested Implementation Date (*mandatory by originator*)

February 2009

Reason:

The CP is a clarification of an existing requirement

Version History (*mandatory by BSCCo*)

None

Originator's Details:

BCA Name.....Stephen Francis.....

Organisation.....ELEXON.....

Email Address.....steve.francis@elexon.co.uk.....

Telephone Number.....020 7380 4038.....

Date.....27 August 2008.....
