

Change Proposal – F40/01	CP No: 1018 Version No: 1.0
Title <i>(mandatory by originator)</i> Correction of formatting in BSCP76 to meet standard BSCP conventions.	
Description of Problem/Issue <i>(mandatory by originator)</i> During the drafting of changes to BSCP76 'Submission of, and Communications relating to, Modification Proposals' for P113 'E-mail Communications Under the Code', a number of formatting inconsistencies were identified between BSCP76 and the standard BSCP conventions. As the inconsistencies had existed since Go-Live, were of a minor nature, and were outside the scope of the P113 changes, it was agreed to raise a Change Proposal to correct these at an opportune date in order to make BSCP76 consistent with the style of other BSCPs.	
Proposed Solution(s) <i>(mandatory by originator)</i> Amendments required as follows: <ul style="list-style-type: none"> • Title on second page of BSCP to be amended to remove version number; • Paragraph 2 on second page of BSCP to be amended to match format of BSCP title; • Convert BSCP section headings to standard font (Times New Roman), correct font sizes, embolden and remove underlining; • 'And' to be inserted at end of the penultimate bullets in lists within Sections 1.2 'Main Users of the Procedure' and 1.3 'Key Milestones'; • Section 1.3 'Key Milestones' to be moved to beginning of new page; • Section 1.4. 'Balancing and Settlement' – words 'Balancing and Settlement Code' to be removed leaving 'BSC'; • Section 2.1 'List of Acronyms' – 'Code' to be changed to 'BSC'; • Section 2.2 'List of Definitions' – 'Balancing and Settlement Code' to be changed to 'BSC'; • Titles of step tables within Section 3 to be made consistent; • Appendices, Section 4 – to be renamed 'Appendix 4.1' etc; and • Remove words 'Issue Date' from footers so that just the effective date itself appears as right-justified. 	

Change Proposal – F40/01	CP No: 1018 Version No: 1.0
<p>Justification for Change <i>(mandatory by originator)</i></p> <p>Some of the formatting and standard text within BSCP76 is inconsistent with the standard BSCP style conventions. BSCP76 should therefore be amended in order to make it consistent with other BSCPs.</p>	
<p>Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by Originator)</i></p> <p>BSCP76 'Submission of, and Communications relating to, Modification Proposals'.</p>	
<p>Impact on Core Industry Documents <i>(optional by originator)</i></p> <p>None.</p>	
<p>Related Changes and/or Projects <i>(mandatory by BSSCo)</i></p> <p>None.</p>	
<p>Requested Implementation Date <i>(mandatory by originator)</i></p> <p>This CP should be implemented at an opportune date. If BSCP76 is not scheduled to be amended for any forthcoming releases, the changes could potentially be incorporated when converting the BSCP for the implementation of BETTA.</p> <p>Reason:</p> <p>The proposed changes are minor and have no impact on any Parties, Party Agents or BSC Agents.</p>
