<p><b>Title</b> <i>(mandatory by originator)</i></p>	
<p>Remove Performance Reports from ISRA software and products</p>	
<p><b>Description of Change</b> <i>(mandatory by originator)</i></p>	
<p>The ISRA software includes functionality to create a number of 'Pool Performance Reports':</p> <p>These reports are not produced or sent by ISRA, having been replaced by the iPARMS and PARMS systems. This functionality has not been maintained for TA2000 (e.g. SIR R0295), and therefore cannot be guaranteed. However the ISRA documentation implies that the functionality is available and working.</p>	
<p><b>Proposed Solution(s)</b> <i>(mandatory by originator)</i></p>	
<p>Remove all reference to ISRA Performance Reports from all ISRA documentation.</p>	
<p><b>Justification for Change</b> <i>(mandatory by originator)</i></p>	
<p>Removal of redundant functionality from ISRA-related products will result in a correct and consistent set of requirements, software and documentation. Also, time taken for future ISRA regression testing will be reduced.</p>
