

Change Proposal – F40/01 (Page 1 of 1)	CP No: 764 <i>(mandatory by BSCCo)</i>
Title <i>(mandatory by originator)</i> Publication of updated Appendices 3.2 'Compliance Test List' and 3.3 'Protocol Approval List' from BSCP 601 'Metering Protocol Approval and Compliance Testing' on the ELEXON website.	
Description of Change <i>(mandatory by originator)</i> Currently, it is difficult to keep appendices 3.2 and 3.3 of BSCP 601 as up to date as necessary due to the length of time that it takes to make a change to a BSCP document following BSCP 40. This CP proposes the same approach as adopted for BSCP 520. Namely, that following approval by the relevant Panel Sub Committee, the revised Appendices are made available on the ELEXON website.	
Proposed Solution(s) <i>(mandatory by originator)</i> <ul style="list-style-type: none"> • Remove Appendices 3.2 and 3.3 from BSCP 601 so that it is not necessary to go through the formal BSCP 40 route for updates. • Put Appendices 3.2 and 3.3 on the ELEXON website as separate document making them easily accessible by those who need to use them at short notice. 	
Justification for Change <i>(mandatory by originator)</i> The information contained in Appendices 3.2 and 3.3 of BSCP 601 is used by a number of bodies including Customers, Suppliers, Meter Operators and Data Collectors. It therefore needs to be in a form that is easily accessible to these people and needs to be kept up to date. Moving the appendices from the body of BSCP 601 and publishing this data independently on the ELEXON website means that any updates to the information would not have to follow the lengthy procedure set out in BSCP 40. Any updates to this data would however be approved by the ISG and SVG committees as appropriate.	
Other Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by BSCCo)</i>	
Impact on Core Industry Documents <i>(optional by originator)</i>	
Related Changes and/or Projects <i>(mandatory by BSCCo)</i>
