

Change Proposal – F40/01 (Page 1 of 2)

CP No: 734
(mandatory by BSCCo)

Title (mandatory by originator) Details of Parties that have requested the High Grade Services from BMRA to BSCCo

Description of Change (mandatory by originator)

Update the BMRA URS to state that the BMRA should notify BSCCo of the number of Parties that have requested the High Grade Service in each month.

Proposed Solution(s) (mandatory by originator)

BMRA URS version 2.3 BMRA-I013

“The system shall, on the 15th working day of each month, collect information required for charging BSC parties under Schedule D of the Code and send this to BSCC Ltd.

The information included shall be:

Month

*Participant Id
Participant Name
Request for High Grade Service
Count of Physical lines installed
Count of Comms Base Software (up to 5 users)
Count of Comms additional Software (each additional user)*

Each month the information will be produced for both the previous calendar month and the month before that.”

This obligation should also be detailed in the BMRA Service Description.

Justification for Change (mandatory by originator)

Under the Code Section Annex D-3 5.1 (c) version 1.1 the BMRA are required to provide to BSCCo, among other items, details of Parties who have requested the High Grade Service and the number of data communications lines under supply to each Party in each month. This information is required by BSCCo to determine specified BSC Charges under Section D of the Code.

The mechanism for sending this information is BMRA I013 a manual flow which is sent monthly. However, the contents of this flow do not cover the provision of details of Parties who have requested the High Grade Service in each month:

“The system shall, on the 15th working day of each month, collect information required for charging BSC parties under Schedule D of the Code and send this to BSCC Ltd.

The information included shall be:

Month

*Participant Id
Participant Name
Count of Physical lines installed
Count of Comms Base Software (up to 5 users)
Count of Comms additional Software (each additional user)*

Each month the information will be produced for both the previous calendar month and the month before that.”

To ensure that the Code obligations are met the BMRA URS should be amended to cover the provision of details of Parties who have requested the High Grade Service each month.
