Changes to the Reporting Catalogue to bring it in line with v1.1. of the BSC		Critical for Go live	Desirable for Go Live Not needed for Go Live
Identified By: Jackie Moran		Date Submitted: 22/3/01	
Description of Proposed Change:			
<p>Version 1.1 of the BSC was issued on 16th March 2001, which contained some changes to Section V. Specifically the requirements for NGC to report the following data items (1-5 below) up to five days ahead was removed and replaced with the requirement to report these values up to one day ahead:</p> <ol style="list-style-type: none"> 1. Day ahead National Demand forecast: value for each half hour 2. Day ahead National Indicated Generation (INDGEM) and Demand (INDDEM) forecast: value for each half hour 3. Updates of day ahead Indicated Imbalance (IMBALNGC), INDGEM, INDDDEM and NGC Demand forecast (DF): values for each half hour or each remaining half hour in day D 4. Day ahead Indicated Margin (MELNGC): values for each half hour 5. Update of MELNGC: values for each half hour or each remaining half hour in day D <p>The Reporting Catalogue therefore needs to be changed in paragraphs 2.1 (c), 2.1 (d) and 2.1 (e) to replace the requirement to report these values for the data items mentioned in 1-5 above from 'D-1, D to D+5' with the requirement to report these values for 'D-1, D to D+1'.</p>			
Reason for Proposed Change (Benefits) and/or Implications of not making the Change:			
To undertake amendments to the Reporting Catalogue consequent upon changes made to Section V of the BSC (embodied in version 1.1. of Section V of the BSC).
