

LEGAL TEXT FOR PROPOSED MODIFICATION P328

Changes in this legal text are shown against the approved P323 legal text.

ANNEX X-1: GENERAL GLOSSARY (V69.0)

Amend the following definition to read as follows:

"Supplemental Balancing Reserve" or "SBR":

~~for the purposes of the Code, means the provision of capacity for Balancing Services purposes (excluding System Constraint management) that will result in a BM Unit's output exceeding its Stable Export Limit and does not include capacity for non-SBR purposes~~
means the Balancing Service that the Transmission Company procures from time to time which is targeted at generating plant that would otherwise be unavailable and is held in reserve to be used only in the event that there is insufficient generation capacity in the market to meet demand;

ANNEX X-2: TECHNICAL GLOSSARY (V35.0)

Table X-2

Terms and Expressions Applying Except in Relation to Section S

Amend the following definition to read as follows:

Defined Term	Acronym	Units	Definition/Explanatory Text
SBR Action			<p>A Supplemental Balancing Reserve action taken by the Transmission Company for Balancing Services purposes (excluding System Constraint management) in order to increase a BM Unit's output above its Stable Export Limit and does not include capacity for non-SBR purposes. An Offer as determined in accordance with Section T3.16.1 where, for the purposes of the Code, the related Acceptance was taken by the Transmission Company to instruct the provision of output for SBR purposes (excluding system constraint management), where:</p> <p><u>(i) the Acceptance will result in the related BM Unit's output exceeding its Stable Export Limit (to the extent only that such Acceptance relates to output that exceeds the related BM Unit's Stable Export Limit); or</u></p> <p><u>(ii) the Acceptance relates to a BM Unit which has a Stable Export Limit that is equal to its Maximum Export Limit.</u></p> <p><u>Any such Acceptance should not include output for non-SBR purposes.</u></p>
