ESPE	Yes	We would like to thank Elexon for assisting and formalising this process for the IDNOs.
SP Distribution / SP Manweb	Yes	While not directly impacting on the change, the flow notes for the D0265 data flow state "In England and Wales, this information is not provided direct to participants by Distributors but is published on the BSC Website." This technically not correct as the Elexon Portal publishes all LDSO D0265 flows on the BSC website, therefore Elexon should consider raising an MRA change to amend the flow notes accordingly.
