DRAFT

Disconnected Non-BM STOR MPANs ::= 61K {62K {63 {64K} } }

Disconnected Non-BM STOR MPANs	P0241	001
--------------------------------	-------	-----

**Notes:**

This file should be sent as a pipe delimited file.

The Start/End Date and Time in the P0241 reflect the start and end of the Demand Control Event, not intermediary actions within an event. Therefore, the ~~Transmission Company~~NETSO should report all demand side Non-BM STOR MSIDs affected by the same event in the same file, irrespective of whether MSIDs are disconnected and reconnected multiple times within the same event.
