

Draft V0.1

Modification Proposal P73 'Addition to data required from Transmission Company when submitting a claim for Manifest Error'

1. Overview

POWERGEN UK raised modification Proposal P73 on the 5 April 2002. The Modification Proposal is seeking to place an extra obligation on the Transmission Company when raising a Manifest Error Claim. The extra information required is the erroneous Bid-Offer Acceptance Number. This will be provided in conjunction with the Error Bid-Offer Pair that is already required as stipulated in Section Q7.2.2 of the Code.

Modification Proposal P73 was submitted to the Assessment Procedure in April 2002, with an Assessment Report due to the June Meeting of the BSC Panel. As part of the procedure ELEXON is seeking BSC Party views on a number of issues associated with the Modification.

2. Issue or Defects that the Modification Proposal P73 is seeking to address

The Modification Proposal is seeking to ensure that the Transmission Company provides clear, unambiguous information when raising a Manifest Error Claim. This information must be presented within the four-hour window of the Bid-Offer Acceptance (BOA) time for raising a Manifest Error Claim.

3. Issues associated with Modification Proposal P73

The Modifications Group identified an issue where it may not be possible for the Transmission Company to specify the Bid-Offer Acceptance Number. These exceptional circumstances would be during a period of planned or unplanned outage when Bid-Offer Acceptances are made by telephone. The Bid-Offer Acceptance Numbers are assigned retrospectively when the outage is finished and the systems are operational again.

The Modifications Group discussed whether in these exceptional circumstances that instead of providing the Bid-Offer Acceptance Number, the Transmission Company could provide alternative information to uniquely identify the erroneous Bid-Offer Acceptance Number. It was suggested that this could be as prescribed in Section Q5.3.1 (a) and (c).

4. Consultation Questions

Please provide responses to the questions on the attached proforma. Please respond to these questions in your role as a BSC Party. Please see Annex A that is attached overleaf.

Please provide responses to modifications@elexon.co.uk by 17:00 on Friday 17 May 2002.
