NETA Change Form

Title		Version No.
Neutrality for CCGT BMUs Switching between Gas and Distillate		0.1
		LogicaCMG Reference
		ICR702

ELEXON Reference	Date CP Received	Date IA Issued
P195	17 October 2005	20 October 2005

LogicaCMG Contact Name	Baseline for Impact Assessment

Price Breakdown		
Item description	**Remarks**	**Price (ex VAT)**
Change Specific		£0
Incremental Release Costs		£0
Fixed Release Costs		£0

Total Price (ex VAT)	**£0**

Price Tolerance	0%
Justification for Price Tolerance	
N/A	

Project Duration	N/A
Cut Off Date for Inclusion in Specified Release (if applicable)	
N/A	

Operational Price (e.g. per annum or event) (ex VAT)	T&M
Rationale	
Amendment of ABSVD will be charged at contracted T&M rates. This is estimated to 0.5 days of Delivery Assistant grade per instance.	

Annual Maintenance Price (ex VAT)	£0
Rationale	
The Annual Maintenance Price is zero under the agreement commencing on 1 January 2005.	

Validity Constraints	

- No allowance is included for supporting ELEXON assurance activities. Any effort will be charged at contracted T&M rates

The validity period for this quote is 30 days and the offer is based on the following payment schedule:
- Operate charge invoicing will be charged monthly in arrears

Authorised Signature	**Date Signed**

Requirements and Solution

Brief Summary of Change

This change seeks to ensure that a CCGT BM Unit that either trips or fails to meet its intended load levels following an instruction to switch from gas distillate at times of system stress on the gas or electricity system remains neutral to the cash-out exposure.

LogicaCMG's Proposed Solution

There are no changes to NETA Central Systems.

The solution will involve manipulation of Applicable Balancing Service Volume Data (ABSVD). See' Operational Solution and Impact' below.

Deviation from ELEXON's Solution / Requirements

None

Operational Solution and Impact

The value of ABSVD will be amended manually. The value for each relevant settlement period will be determined by the Panel and provided to LogicaCMG by ELEXON.

This will be charged at contracted T&M rates.

Testing Strategy

Unit		Change Specific		End to End	
Module		Operational Acceptance		Participant Testing	
System		Performance		Parallel Running
