

Change Proposal – F40/01	CP No: 992 Version No: 1.0
Title <i>(mandatory by originator)</i> Provision of Site Technical Details by the Distribution Business to the Meter Operator Agent on a Change of Measurement Class	
Description of Problem/Issue <i>(mandatory by originator)</i> Upon the receipt by the Licensed Distribution System Operator (LDSO) of the D0170 'Request for Metering System Related Details' from the Meter Operator Agent (MOA), the LDSO is required to provide the MOA with site technical Details via the D0215 'Provision of Site Technical Details'. This applies equally to both Half Hourly (HH) and Non-Half Hourly (NHH) markets. This requirement is detailed for the Distribution Business in BSCP515 'Licensed Distribution' in relation to new connections but is not detailed in relation to a Change of Measurement Class, for which Site Technical Details are also required. Therefore, the obligations for the request and provision of Site Technical Details under a Change of Measurement Class should be considered for inclusion in BSCP515. This Change Proposal (CP) supersedes SIR1917 'Provision of Site Technical Details'.	
Proposed Solution(s) <i>(mandatory by originator)</i> Add into BSCP515 sections 2 'Workflow Diagrams' and 3 'Interface and Timetable Information' a new process for a 'Change of Measurement Class (SVA only) from NHH to HH Metering System and vice versa' with steps for the MOA to request site technical details and an obligation on the LDSO to provide these details. This Process would have two steps as follows: <ol style="list-style-type: none"> 1) As required, the MOA to request the Site Technical Details from the LDSO via the D0170 2) Following the request, the LDSO to provide the Site Technical Details to the MOA via the D0215. 	
Justification for Change <i>(mandatory by originator)</i> This change will document a process that exists operationally in the market place within the appropriate Code Subsidiary Document.	
Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by originator)</i> SVA Data Catalogue	
Impact on Core Industry Documents <i>(optional by originator)</i> None	

Change Proposal – F40/01	CP No: 992 Version No: 1.0
Related Changes and/or Projects (<i>mandatory by BSCCo</i>) None	
Requested Implementation Date (<i>mandatory by originator</i>) An appropriate release Reason: Opportune change	
Agreed Release/Implementation Date (<i>mandatory by BSCCo</i>)
