

Change Proposal – BSCP40/01	CP No: 1156 Version No: 1.0
Title <i>(mandatory by originator)</i> Remove PAA as a recipient of BSCP507/1	
Description of Problem/Issue <i>(mandatory by originator)</i> BSCP507 requires that Suppliers submit an SVA Standing Data Change Form (BSCP507/1) to the SVAA and additionally to the BSCCo Performance Assurance Administrator (PAA) where a change of Data Collector is being notified. The purpose of this information was to allow the PAA to identify the Data Collectors associated with each Supplier in each GSP Group, and was used in the management of the Performance Assurance Reporting and Monitoring System (PARMS). Since the implementation of a revised PARMS under P99 this information has been provided direct by Suppliers in the form of Data Provider Information (P0135) flows, and so the PAA no longer requires the BSCP507/1 form following a change of Data Collector.	
Proposed Solution(s) <i>(mandatory by originator)</i> Modify BSCP507 to remove the requirement for Suppliers to submit a BSCP507/1 form to the PAA following a change of Data Collector.	
Justification for Change <i>(mandatory by originator)</i> The PAA no longer needs this information and so it is unnecessary for Suppliers to submit this form to BSCCo as well as the SVAA.	
Is the Change being proposed a Housekeeping Change? <i>(optional by originator)</i> No ¹	
Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by originator)</i> BSCP507 ‘Supplier Volume Allocation Standing Data Changes’	
Impact on Core Industry Documents or System Operator-Transmission Owner Code <i>(optional by originator)</i> None	
Related Changes and/or Projects <i>(mandatory by BSCCo)</i> None	

¹ The relevant Panel Committee will decide whether a Change Proposal can be progressed as a Housekeeping Change Proposal.
