

Change Proposal – BSCP40/02	CP No: 1231 <i>Version No: v1.0</i>
Title Housekeeping Change to BSCP15	
Description of Problem/Issue: As part of the February 2008 BSC Systems Release (February 08 Release) BSCP15 'BM Unit Registration' was amended to include changes required for CP1201 'Changes proposed following Operational Review of BSCP15 and BSCP20'. During the drafting of the redline text for CP1201 the words "Effective From Date" were incorrectly removed from BSCP15 section 4.4. The removal of this text causes inconsistencies within the BSCP and with the Online Forms Project.	
Proposed Solution This CP proposes to replace the deleted "Effective From Date" text in BSCP15 form section 4.4. In order to remove any confusion and to keep consistency with documentation versioning, it is proposed that CP1231 is implemented alongside CP1201 as part of the February Release. Meaning that v13.0 of BSCP15 will go live on 28 th February 2008.	
Justification for Change <i>(mandatory by originator)</i> If the "Effective From Date" text is not replaced it may cause confusion when using BSCP15 and will cause a number of issues with the Online Forms Project which relies upon the information included in the missing section. The field is needed for participants to notify the CRA of the planned effective from date of any changes.	
To which section of the Code does the CP relate, and does the CP facilitate the current provisions of the Code? <i>(mandatory by originator)</i> <i>Section F</i>	
Estimated Implementation Costs <i>(mandatory by BSCCo)</i> This change will be introduced at zero cost.
