

Change Proposal – F40/02 (Page 1 of 2)	CP No: 894 <i>(mandatory by BSCCo)</i>
<p>Title <i>(mandatory by originator)</i></p> <p>Erroneous Registration and Change of Agent</p>	
<p>Description of Change <i>(mandatory by originator)</i></p> <p>If there has been an erroneous registration, PSL120 1.3.3.9 sets out the criteria to the use of a 1kW advance if both Suppliers agree to do so.</p> <p>Criteria (c) states: No change in the MSID attributes of Profile Class, Non Half Hourly Data Collector, Associated Non Half Hourly Data Aggregator, Measurement Class or Standard Settlement Configuration has taken place;</p> <p>If there has been a concurrent Change of Supplier and Change of Agent, then there has been no Change of Agent SINCE the erroneous registration. Therefore, the Suppliers can still use a 1kW advance.</p>	
<p>Proposed Solution(s) <i>(mandatory by originator)</i></p> <p>Clarify within PSL120 1.3.3.9 that a concurrent CoS and CoA does not preclude Suppliers from using a 1kW advance, as follows:</p> <p>(c) No change in the MSID attributes of Profile Class, Non Half Hourly Data Collector, Associated Non Half Hourly Data Aggregator, Measurement Class or Standard Settlement Configuration has taken place. (For the avoidance of doubt, a concurrent Change of Supplier/Change of Agent does not preclude Suppliers from using a 1kW advance to make a correction if no further change to Non Half Hourly Data Aggregator, Measurement Class or Standard Settlement Configuration has taken place);</p>	
<p>Justification for Change <i>(mandatory by originator)</i></p> <p>A Supplier wishing to perform concurrent CoS and CoA raised the question. Clarification required, making the requirements for rectifying erroneous registrations clear.</p>
