

Change Proposal – F40/02 (Page 1 of 2)	CP No: 851 <i>(mandatory by BSCCo)</i>
Title <i>(mandatory by originator)</i> Update to forms in BSCP536 (Supplier Liquidated Damages) to provide additional detail to BSC Parties.	
Description of Change <i>(mandatory by originator)</i> The forms in BSCP536 provide less detail to BSC Parties and ELEXON than the forms generated by the PARMs system. The forms generated by PARMs with the following references give additional detail to the BSC Parties in indicating where charges have been applied: F536/02 F536/03 F536/04 F536/05 F536/06	
Proposed Solution(s) <i>(mandatory by originator)</i> Update the relevant forms in BSCP536 to reflect the additional details provided by the forms generated by PARMs.	
Justification for Change <i>(mandatory by originator)</i> The forms can already be generated by PARMs and provide additional detail to users. BSC Parties can more easily identify where their charges have been incurred.
