

Change Proposal – F40/01 (Page 1 of 2)	CP No: 684 <i>(mandatory by BSCCo)</i>
Title <i>(mandatory by originator)</i> Changes to the Categories of Market Organisations as defined in the BSCP42.	
Description of Change <i>(mandatory by originator)</i> The current version of BSCP42 outlines four different Categories of Market Organisation. The Categories appear to be defined by the criticality of each type of Market Organisation in relation to the Settlement System. For example, Category 1 includes CVA Systems, while 2, 3 and 4 include such Organisations as BSC Parties and Party Agents.	
Proposed Solution(s) <i>(mandatory by originator)</i> 1) To re-categorise Market Organisations into 2 classes, merging Categories 2, 3 and 4. 2) To reallocate those Market Organisations currently in the wrong Categories 3) Update BSCP42 removing references to Categories 3 and 4.	
Justification for Change <i>(mandatory by originator)</i> There is no need for 4 Categories of Market Organisations when the processes used by Categories 2,3 & 4 are identical. It is not likely that the impact on Settlements caused by the failure of any of the Organisations currently listed in Categories 2, 3 or 4 will be more critical than another of the same Category.
