<p>Title Amendments and Clarifications to BSCP15 for the CDCA Improvement Project</p>	
<p>Description of Change This CP seeks to align BSCP15 with the changing and improved processes enabled by the CDCA Improvement Project. The CDCA Improvement Project is a LOGICA project to rectify shortcomings in the existing CDCA service. This CP is intended to complement the improvements agreed to the CDCA service and reflect agreed custom and practice of the BSC Agent in BSCP15.</p> <p>The opportunity has also been taken to undertake general housekeeping on BSCP15 to ensure that the wording, expressions and timescales used within the document are clear and consistent with related documentation.</p>	
<p>Proposed Solution(s) Amend BSCP15 with the following changes for inclusion in the CDCA Improvement Project:</p> <ul style="list-style-type: none"> ❑ Amend the second bullet point in Section 1.3 to explain that the timescales for de-registering can be 30 days depending on the base unit. ❑ Amend the title of Section 3.1 to reflect that it should be either CDCA or the Interconnector BM Unit. ❑ Section 3.5.8, 3.5.9 and 3.6.1 are misleading and require clarification. ❑ Amend Section 3.1.9, Action cell, point 2 to state that the Metering Equipment should be sealed in accordance with BSCP06. ❑ Amend explanatory text of 3.3 to read “This process does not cover the Registration of a Party, for this procedure refer to BSCP65”. ❑ Amend the title of 3.4 to clarify that the section deals with the Registration of an additional supplier BM Unit. ❑ Remove from the footnotes for Section 3.5.5 references to GSP Groups. ❑ Amend the bottom of the form in Section 4.1, 4.2 to reflect that the form will be to the Party, acknowledging receipt by the CRA. ❑ Replace any instances of “Central Registration Authority” with “Central Registration Agent”. ❑ Further analysis will be undertaken during the drafting of the finalised version to enable further clarifications and improvements. These will include referencing the relevant data flows wherever appropriate and improving grammar and formatting issues throughout the document and related forms. 	
<p>Justification for Change These amendments to BSCP15 ensure consistency with the CDCA systems and processes to be implemented by the CDCA Improvement Project. These changes would enable a clearer, more efficient service that would benefit all Parties.</p>	
<p>Other Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by BSCCo)</i> The BSC Agent will update the CDCA URS, etc to reflect the change to the services.</p>
