| <b>Change Proposal – F40/01 (Page 1 of 2)</b>  | S2I772<br><b>CP No: 549</b><br><i>(mandatory by BSCCo)</i> |
|  |  |
| <b>Title</b> <i>(mandatory by originator)</i><br>Display duration of BMRA System Warning Messages  |  |
| <b>Description of Change</b> <i>(mandatory by originator)</i><br><br>Currently System Warning messages are displayed on the BMRA for 24 hours. In some cases, this means that a message warning of an NGC Outage can be displayed and then withdrawn from display before it has been seen by BMRA service users. For example, if a system warning is issued over a weekend, when few system users may be monitoring the service, a trading party may not be aware of a planned outage during the following week.<br><br><i><b>This CP has been raised from NCR 369</b></i> |  |
| <b>Proposed Solution(s)</b> <i>(mandatory by originator)</i><br><br>System Warning messages should be displayed on the BMRA service for 7 consecutive calendar days instead of one.  |  |
| <b>Justification for Change</b> <i>(mandatory by originator)</i><br><br>This change may be a relatively small change to the BMRA, but would deliver a significant improvement to BSC parties who use BMRA as part of their Bid/Offer submission process  |  |
