Change Request Name:		Priority	
Amendments to the CRA URS and BSCP65		Critical for Go live	Desirable for Go Live
Identified By: Dave Morgan		Date Submitted: 29 January 2001	
Description of Proposed Change: Currently, the CRA URS does not recognise the requirement stated in BSCP65, Section 3.18 to undertake Interface Tests. Modify the URS to reflect this requirement. Add a new Bullet point (14) to Non Functional Requirement CRA-N001 14. The CRA Service shall undertake Interface Tests for all Parties wishing to register within the CRA. The interface tests will cover the following services (as appropriate to the applicant): • BMRA; • CDCA; • CRA; • FAA; and • SAA. BSCP65 Version 2.0 currently does not stipulate the Central Data Collection Agent as a user of the BSCP in respect of Interface Tests. Add a new bullet point to Section 1.2 of BSCP65. The new bullet point should read: (j) The Central Data Collection Agent (CDCA) (in respect of interface tests) This NCR has been raised to resolve IRG issue 66 which addresses inconsistencies between BSCP65 and the CRA URS.			
Reason for Proposed Change (Benefits) and/or Implications of not making the Change: If the proposed change is not implemented, the requirements of the BSC Procedures would not be reflected in Logica's design documentation.
