| | |
| <p>Title <i>(mandatory by originator)</i> BSCCo Ltd as a Recipient of SAA-I014 Sub flow 2.</p> | |
| <p>Description of Change <i>(mandatory by originator)</i></p> <p>BSCCo Ltd currently receive the SAA-I014 Sub flow 3 but the information provided therein is not sufficient to meet the obligations on BSCCo Ltd with respect to reporting and monitoring requirements.</p> <p>BSCCo Ltd should become an 'official' recipient of the SAA-I014 Settlement Report, Sub Flow 2 for all Settlement Runs, thus providing an enduring solution for, and replacing, Workaround 014 (W014).</p> | |
| <p>Proposed Solution(s) <i>(mandatory by originator)</i></p> <p>The SAA system, SAA specification documentation, Interface Definition Document, Reporting Catalogue and NETA Data File Catalogue should be amended to include BSCCo Limited as a recipient of the SAA-I014 Settlement Report Sub flow 2, for all Settlement Runs.</p> | |
| <p>Justification for Change <i>(mandatory by originator)</i></p> <p>Currently BSCCo Ltd is defined as a recipient of the SAA-I014 Settlement Report Sub flow 3 only. On instigation of the Balancing Reserve Level Monitoring Project, it was determined that Sub flow 3 of the Settlement Report contained insufficient information for BSCCo Ltd to meet the obligations placed upon them by the BSC Panel for the BRL Monitoring Project and a workaround was developed (W014) to ensure that BSCCo Ltd received the requisite information, by the provision of the SAA-I014 Settlement Report Sub flow 2 at Initial Interim (II) and Initial (SF) Settlement only.</p> <p>Therefore, in order to replace this workaround with a relatively low impact permanent solution, it is proposed that BSCCo become the recipient of the SAA-I014 Sub flow 2 for all Settlement Runs. This change is preferred to a higher impact change, where the data required is identified and the format and structure of SAA-I014 Sub flow 3 amended to include the additional information.</p> | |
| <p>Other Configurable Items Potentially Affected by Proposed Solution(s) <i>(optional by BSCCo)</i></p> <p>SAA Specification Documentation, SAA Service Description, Reporting Catalogue and the NETA Data File Catalogue.</p> | |
