Modification Proposal – BSCP40/03	MP No: P352 <i>(mandatory by BSCCo)</i>
Title of Modification Proposal <i>(mandatory by originator):</i> Housekeeping changes to BSC Section M	
Submission Date <i>(mandatory by originator):</i> 11 August 2016	
Description of Proposed Modification <i>(mandatory by originator)</i> This Modification proposes to make consequential changes to the approved legal text for P307 and P345 to resolve minor errors and inconsistencies between the Modifications' intentions and the approved legal text.	
Description of Issue or Defect that Modification Proposal Seeks to Address <i>(mandatory by originator)</i> ELEXON has identified that one section of the approved P307 legal text that was not implemented when the Modification went live. BSC Section M3.4.3(a) contains three references to the now-redundant Level 2 Credit Default Cure Period, the removal of which had been included in the approved P307 legal text. However, these changes were not incorporated into Section M when P307 was implemented. Further, since the approval of the P345 legal text, it has been brought to ELEXON's attention that one part of the legal text did not match the original intention of P345. The P345 approved legal text does not introduce the minimum 10 Working Day notice period into the BSC as per the original Modification intention. Instead, the approved legal text mirrors the 15 Working Day operational timescale as stipulated in the CAP guidance document.
