

Redlined BSC Section K, Annex X-1 and Annex X-2 text for P357 'Removal of GC/DC tolerance parameters from BSC Section K'

The solution to P357 proposes changes to BSC Section K 'Classification and Registration of Metering Systems and BM Units', Section X: Annex X-1 'General Glossary' and Section X: Annex X-2 'Technical Glossary'.

Proposed redlining to BSC Section K:

3.4 Demand Capacity and Generation Capacity

- 3.4.3 (a) the positive value of QMij (subject to paragraph 3.4.4) for the BM Unit divided by SPD exceeds or the Lead Party becomes aware or believes in good faith that such value will exceed GC by ~~an amount which is more than one or both of the following:~~ the GC Limits.
- ~~(i) — 2% of GC; or~~
~~(ii) — 10MW;~~
- ~~provided that in order to satisfy paragraph (a)(i), the amount must also be more than 2MW;~~
- (b) the negative value of QMij (subject to paragraph 3.4.4) with the maximum magnitude for the BM Unit divided by SPD is less than or the Lead Party becomes aware or believes in good faith that such value will be less than DC by the DC Limits.~~an amount the magnitude of which is more than one or both of the following:~~
- ~~(i) — 2% of the magnitude of DC; or~~
~~(ii) — 10MW;~~
- ~~provided that in order to satisfy paragraph (b)(i), the magnitude of the amount must also be more than 2MW.~~
- 3.4.3A For the purposes of the Code the GC Limits and DC Limits shall be such values as determined by the Panel from time to time after consultation with BSC Parties and in accordance with the published guidance described in 3.4.3B.
- 3.4.3B The Panel will establish guidance for the determination and review of the GC Limits and DC Limits.
- 3.4.3C BSCCo will publish GC Limits and DC Limits described in in 3.4.3A and the guidance described 3.4.3B on the BSC Website.

5.4 Appointment of Interconnector Administrator and Interconnector Error Administrator

- 5.4.4 [Housekeeping] In relation to any Interconnector:

Proposed redlining to BSC Section X: Annex X-1

- "DC Limits": Means the values established and from time to time revised and approved in accordance with Section K3.4.3A;
- "GC Limits": Means the values established and from time to time revised and approved in accordance with Section K3.4.3A;

Proposed redlining to BSC Section X: Annex X-2

DC Limits	MW and/or %	Is defined in Section X-1.
GC Limits	MW and/or %	Is defined in Section X-1.
